Some years ago Wolfe wrote three stories (novellas?) called "Island of Doctor Death", "Doctor of Death Island", and "Death of Doctor Island". I'm trying to track them down. Does anyone know where they have been anthologised? I know that "Death of Doctor Island" was released as part of the Tor Doubles series (and I have it) but I haven't been able to find the other two. Thanks.

Surely "The Island of Doctor Death and Other Stories" is part of _The Island of Doctor Death and Other Stories and Other Stories_

(And yes, I'm fairly certain they're the right titles.)

Don't know about the others though, I haven't got that collection. I don't remember them from Endangered Species, but I've only read the first half.

That's "The Island of Doctor Death and Other Stories", "The Doctor of Death Island" and "The Death of Dr. Island".

All three are in _The Island of Doctor Death and Other Stories and Other Stories_ (sic). Copyright date is 1980. My edition is the UK one, so the publishing details wouldn't be much use to you.

You left out "The Death of the Island Doctor".

Whoops! I left it out because I didn't know about it! Now that means I have one more story to find. Oh well, I'm sure that it will be worth the effort.

You left out "The Death of the Island Doctor". And the first one is
titled "The Island of Doctor Death and Other Stories". The canonical
source for the first three is a book called "The Island of Doctor Death
and Other Stories and Other Stories". I forget the title of the book
containing all four.

That would be _The Wolfe Archipelago_.
