I remember reading here over a year back that someone was working on a set of annotations for Gene Wolfe's Book of the New Sun. Does anyone have any information on this, or know where I can get information on the Book of the New Sun in general? I know I've missed half the stuff in there and would like to get the benefit of other people's wisdom.

My web site has information about a book by Michael Andre-Driussi (sp?) who has a wonderful whole **book** about the New Sun Series called _Lexicon Urthus_. The URL:
