Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

DYER — undated

The third volume of Gene Wolfe's Book of the New Sun, THE SWORD OF THE LICTOR, is out in Timescape hardback. Do not walk, but run or teleport to your local bookstore and purchase a copy. (We want to encourage writers like Wolfe, right?)

I won't attempt to review the book until I've finished it, but the hundred or so pages I read so far have been excellent. (Incidentally, it might be a good idea to skip reading the synopsis of the book printed on the jacket -- it creeps too far in the direction of spoilerhood, perhaps...)
