Has anyone out there read _Castle_of_the_Otter_ or _Planet_Engineering_? From something I read in Dann & Duzois' _Mermaids_, _Castle_ is about the writing of the Book of the New Sun - and note the play on _Citadel_of_the_ _Autarch_. And _Planet_Engineering_ is probably columns from _Plant_ _Engineering_, which Wolfe edits.

Supposedly somebody, TOR I think, has come out with a \$16 edition of _Free_Live_Free_, with slightly revised text. Anybody seen it?

Anyway, if anyone has read any of these books, please drop me a line letting me know if they're worth finding.
