I am a fairly new subscriber to SF-Lovers so if my request was asked & answered before vol.11#30, please repeat it. It sounds as though with all the controversy about what do people see in Wolfe's Book of the New Sun series that I should dip into it. Can anyone give me the order that BotNS should be read in. Is the series still being published or did Wolfe wrap it up? I will appreciate the complete listing of titles.
