Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

My recomendation: Read the book if you can get it without paying for it. Or if given to you, then read the first part of the book, then skip directly to the last part -- the middle isn't really necessary to the ending.

To me, everything's worth reading (provided that you like Wolfe)

except the end. No criticism of Bruce intended, I just happen to like different things.
