mantis,

Hooray for you! I love it, I love it! I had already picked up the MP connection from the first sentence of "Fifth Head," as I'm sure you did too, from the French names on Ste. Anne, and from Phaedria, who is described almost exactly as Albertine is and with whom the relationship is similar. So I looked through "Fifth Head" to find the Delages without success---it didn't occur to me to go to the source.

I ciliate your mandibles in reverent homage!
