You see, it is really Severians Sabretache of Super-Storing. For a description, see "Heward's Handy Haversack" in old D&D material.

What did he keep in it, anyway? The Claw until he found it, his whetstone, the letter for the Archon, flint and steel or a tender box... hmmm... I can't remember anything else...

In Sword of the Lictor, among other things, a haunch of meat and two rugs.

Seriously.
