Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Whoops, I'm so rusty at this point that I posted to the wrong list. I can't imagine that any of you don't get the Whorl list, but if that is so and you want the complete OED listing for Severian, email me and I will send it.
