Dan, who is still actually trying to come up with a good "Whorl" name. Currently toying with "Shellac" (made from the excretions of the *Laccifer lacca*, and thus, seemingly as valid as "Silk").

Mark Millman
(who would be using "Nacre" as a nom-de-Verticille if he were posting to the Whorl, and so supports Dan's "Shellac" without reservation)

Just think, if Mark and Dan got into an altercation, and Dan won, we could say, Nacre really got shellacked, didn't he?" and he (Mark) could reply, "Well, I was knackered."

Okay, I'll go hide now. Sarge, any room in that doghouse?

-alga- (who thinks those are both excellent names)
