If I'm allowed a wee tangent, what's the news on Crowley, anyone? Given that Love&Sleep wasn't even published in the UK, and that it's probably out of print already, I have this fear that the Aegypt sequence won't get completed. Anyone got any pointers to recent interviews or other hopeful news?

Try www.tezcat.com/~josephb/lit/crowley/index.html - though I don't think it's been updated all that recently. The site's author mentions a title for the third AEgypt book, "Daemonomania" (hmm), and gives a publication date of August - I assume that was meant to be this year, so I'm not sure what the latest is.

cheers,

Crowley delivered the manuscript to Bantam in August '98, I believe, which indicates a publication date somewhere in early-mid '99.

Deamonomania is the belief that everything in the world is inhabited by a small spirit (daemon) which animates it and gives it is specific properties. Or at least, that's what Crowley claims it means.
