Wombat,

Re: "Tales of Arabian Nights" game, coincidentally that is a product I've been looking for (the West End Games version)! (I saw it once, but it slipped through my fingers . . .) Is the second edition that you worked on soon-to-be-in-print or already out of print (since I'm certain it isn't in print right now)?

But yes, alas, it is true--as of old, the Pyramid is built by slave labor for the benefit of one man! Can't complain about "truth in advertising" here!

And have you seen "Fading Suns"?

The English version of the second edition of Tales of the Arabian Nights is, unfortunately, in limbo right now. A German edition should be forthcoming in 1999. Perhaps I will publish a samizdat translation of the rules and components as an accessory....

The first-draft material for GURPS New Sun--is that still available on the SJGames website?

And have you seen "Fading Suns"?

No, I haven't. Do you recommend it, or do you just recommend it as a curiosity?
