Mantis, are you the author of the wonderful "Lexicon Urthus"?

And Christmas being right around the corner--what better way to convert non- lupinians to the cause, spread good cheer and rigorous scholarship, and warm the cockles of curmudgeons everywhere by purchasing said volume by said Mantis at Amazon Dot Com?

Or directly from the author, should he deem to give ordering to this most eager audience.

There, Michael. Don't say I never did anything for you:)

Nigel,

How very nice to have a Virgilist aboard, and, even better, a Virgilist with a Vulgate concordance on his hard drive! Welcome. If you get too impatient to wait for your daily dose of digest (as I do sometimes), you can bookmark <http://www.urth.net/urth/archives/> and point your browser there for minute-to-minute updates. An exaggeration, since the list hasn't been very active lately. But Ranjit has rigged the archive so that it takes posts almost immediately.
