Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Jesus all this log-rolling is making me tired. If anybody calls for a group hug I shall throw up:)

Thanks for the kind words, Mantis.
