Well thanks to a slow day at the office and some help from various list members I have now added a list of uncollected short fiction since 1990. If you spot anything I've missed please drop me a line. If you have any of these short stories and would like to check the reference or send me the page numbers, that would be great too.

And could someone let me know if Feeley's NYRSF article spans two issues? I've come to the conclusion it does, but not having tracked it down yet, I'm rather mystified by bibliographies that say it doesn't... Such as the NYRSF on-line index. Or am I just having a thick day.

Jonathan
