Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

...Check out my
objections to Robert's arguments in my posts of the 4th and 5th of June 1998, archive
vol. 13.

Or you could always look for them in archive vol. 12, where they can actually be found <g>.
Sorry.
