Go to <http://www.babyzone.com/babynames/namesearch.htm> and enter Karina in the search field. You'll get three different listings, all of which claim Karina is a variant of Katherine.

I also find your "If it's not on the web, it can't be true" approach somewhat scary for a man of your intelligence.

Oooooooh, you cheeky thing, you. Now when did I -ever- say "If it's not on the web, it can't be true"? I merely cited supporting evidence. I'm inclined to respond that the tactic of putting words into your opponents' mouths is somewhat scary coming from a man of -your- intelligence.

As another example of supporting evidence, have you tried entering "Carina" into the search field of your Web site? You'll get four different listings, none of which claim Carina is a variant of Katherine at all.
