Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Being the verbose sort of windbag that I am, I could resist commenting to him on the chapters that I had read so far...

"Could resist"?

Couldn't resist, and clearly couldn't proof read at that time of night either!
