Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Does anyone know which translation Wolfe uses (or if he is like some of our list members and sufficiently adept at French to brave the original).

He read a translation. I don't remember off hand which one--if I run across that info I'll let you know.
