Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Ok, this is sort of off-topic.

Anyway, as you can see from my email address, I have the domain name urth.org

I set up this server at least in part to provide totally ad-free web space/accounts. I'd love to host some Gene Wolfe related content so if you're interested please check out the Urth usage policy (http://www.urth.org/urth_faq.html) and then email me.
