I'm curious as to the facts concerning the Innovation Comics _Shadow of the Torturer_ graphic novel. There seems to be no consensus on whether two or three of the six proposed issues were ever published.

I was able to get the first two issues from Mile High Comics (<http://www.milehighcomics.com>), less expensively than the eBay offering a few months ago -- less than \$10 including shipping for two mint condition issues. It's really quite well done, capturing the Wolfean flavor better than I expected it would. A must for Wolfe completists.

Mile High only lists two issues in their online catalog, but I've heard of a third issue from various usually reliable sources, such as Paul Duggan's Gene Wolfe page.

So, is it two issues or three? Does anyone have hard evidence, such as a copy of the third issue?
