Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

If you go to <http://www.milehighcomics.com/> and search for "Shadow of the Torturer" you can even see good scans of the covers.

They seem oddly insectoidal to me, especially the second one.
