OK, I have a wacky little suggestion --- has anyone ever had the pleasure of experiencing the musical bliss of Johnny "Guitar" Watson? I would like to suggest some striking similarities between some of his finer works and that of Wolfe. Open a forum, as such. If anyone is in the know, as pertains to "JGW," please let me know. I look forward to advancing this next, most advanced, evolution of our esoteric debates!

Cheers, TW

I'm familiar with all of his work with Zappa,
"I Sing the Blues, She Heard My Cry" (or whatever it's called) and his album AIN'T THAT A BITCH. Only the latter I dislike.
