Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I have just finished reading "Soldier of The Mist" and "Soldier of Arete".

If anyone else would like to speculate on these books I could use some overall clarification.
