Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

This post is a simple FYI:

<http://www.alibris.com>

I imagine a lot of you are already familiar with that url, but if you're not, now you have no excuse. Alibris is a rare book engine that will get you just about any book you can think of. The only matter is of edition and price. So that, if you really HAVE to get *Bibliomen*...
