Does anybody work at a library which would permanently and accessibly house such a collection, eg in Chicago? Anybody know Wolfe to see what he thinks?

If there is no interest in this idea, where might I send this material? I thought of the SF Foundation at Liverpool University (my alma mater) but perhaps it ought to be in the USA.

Living in dear old blighty I'd second the suggestion of Liverpool, but I think its unlikely. There are several US libraries which hold major SF deposits but I don't have the list to hand. Does anyone know what Wolfe does with his manuscripts, and whether he'd be willing to deposit them?
