Does anyone remember where Wolfe says something to the effect of "I'm always stunned when a reader asks me why two people in one of my stories describe an event differently. Don't they think 'One of them must be lying?'"

It's in one of the various interviews, I'm pretty sure, and I wonder if it may be the Larry McCaffrey one that I don't have a copy of.

"And ye shall know the truth, and the truth shall make you free." John 8:32
