I don't have the time to do this at all right now, but do you think there might be a link between Peace and "The Island of Dr. Death"? I'm thinking of Dr. Black here.

Yes, there is a Dr. Black in both.

Yes, there are certain points of similarity between the two works: a big old house; a woman and her suitors; a boy who is mostly ignored by the suitors, and who reads a lot, and fictional characters invade his waking life.

And there is the dog man.

But otherwise they are very different stories <g>.

Sorry I wasn't clearer, Mantis.

I was wondering if the two stories might take place in the same fictional world, as "The Changeling" does. Probably not, but then again....

I leave it to you.
