

The Number of the Lists

The Urth list — 1 messages, 1 voices, 21 Oct 2000

Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I'd vote for two lists, because in February (?) we will have the whole spoiler thing all over again when `_Return to the Whorl_` is published.

But of course that assumes all other considerations (cost, for example) are equal.

I would certainly also vote for searching if it's available. I find it invaluable.
