Fair enough (I found out that Geimhreadh meant Winter and felt very pleased with myself, though all I did was a web search),

There now, you see, this is precisely the sort of thing that gives me confidence: I had no idea that the word geimhreadh actually meant 'winter'. I was under the impression that King G's name was one of the particulars of the novel we hadn't been able to solve. But I still knew that he -represented- Winter because of the context. (He's old, he's a king, he kills the Green Man, etc.)

It is years since I read Castlevia, and while I feel I could at least answer some of these questions, the sensible thing to do would be to make sure I've got my facts straight first. I hereby bump Castlevia to the top of my reading list.
