For gaming purposes, I am trying to name several Green Men from New Sun including one Green Woman. Inspired by Mantis' name lists in GURPS NEW SUN, I would like to give them suitably Wolfean names if anyone would like to contribute some.

Currently, I am compiling various languages' words for the color green, but other possibilities might be words relating to the future, or to plenty. However, I have yet to come across a suitable name beginning with D, and this would be invaluable in tying in with an earlier series of mysterious notes signed with that initial. Any suggestions would be appreciated.

some examples:

Green - Verde, Viridis, Gruen

Future - Skuld, Man~ana

Plenty - Coepia, Panamos

Weeell . . . it ain't exactly what you are looking for, but here's "Durra."

My rationale is that "green" comes from an Indo-European root that also gives rise to "grass." And the green man has a grassy smell. And durra is a type of grass.
