Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Feel free to take over the URTH list for Crowley discussions, if you like. It's on-topic ("New Sun and related works") and there's not much traffic there these days.

And have any of you read Philip Pullman's "Dark Materials" trilogy?
