Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I just posted a message on Pullman dated 8/27/56 (everytime I unplug my computer it resets to this date for some reason, and I forgot to set it back).

Apologies to everyone for the inconvenience.
