Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

The following items are listed in the "Forthcoming books" section of the Locus website. Do any list members know details of the contents? I imagine at least one or two of you are contributors to the second item. (There's nothing at the press's website.)

Wolfe, Gene. Shadows of the New Sun: Essays (Liverpool University Press, nf, hc) Wright, Peter. Attending Dedalus: Essays on Gene Wolfe (Liverpool University Press, nf, hc)
