Ron crown asks:

The following items are listed in the "Forthcoming books" section of the Locus website. Do any list members know details of the contents? I imagine at least one or two of you are contributors to the second item. (There's nothing at the press's website.)

Wolfe, Gene. *Shadows of the New Sun: Essays* (Liverpool University Press, nf, hc)

Wright, Peter. *Attending Dedalus: Essays on Gene Wolfe* (Liverpool University Press, nf, hc)

Peter Wright told us about his book "Attending Dedalus" at the Wolfe Symposium at Birmingham University last year. This is, to the best of my recollection, a book of his own essays about Wolfe, and includes material taken from his doctoral thesis and published essays. It's certainly one that I want to get hold of.

Don't remember if he mentioned the first title here, though I've got a feeling he might have done. Anyone remember? Jonathan? Joshua? Spectacled Bear? Again, looks very interesting.

Sorry, I don't recall. One thing I do remember is that Peter was interested in the urth and whorl lists, but didn't know how to subscribe. He doesn't seem to be here now; did anything happen

about that?
