Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

Hi folks,

just a note to say that Ultan's Library has moved URL.

It can now be found at www.ultan.co.uk

Having been appointed Web Coordinator for all the Humanities Depts at the University of Birmingham here in the UK, and then having wandered around trying to enforce policies about what should and should not live on Departmental websites, it seemed a bit, well, hypocritical to keep it on the English Dept website....

Sorry for the lack of updates, but nobody looks at the site much these days....
