Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I'm working on restructuring my wolfe site (Ok, so Worldcon SanJose's website Hugo award got me thinking) and I've gone to blog format for my news and rumors page.

Examine it if you care to.
