Appian was (through info provided in "The Cat")
Autarch 62 years before Severian became Autarch. This
train of thought inspired by recently joining urth.net
and re-reading (atleast beginning to) all posts. I'm
not tremendously far, so this might have already been
proven.

I came to my conclusion based upon: Odilo has
served for 20 years, Currently (relative to "the cat")
5 years after sev. gains power, Sancha leaving for a
50 year time period, Sancha returning in 3rd year of
Odilo's service, and (finally) Appian being Autarch
when Sancha left. Please don't quote this without
checking math first, I hate responsibility.

And Now...

I'm doing a report (for school, if you must know)
based upon the decline of the environment and society
of the Urth universe, that is to say, in TBotNS and
UotNS. Anyone who can provide detailed info on this
topic (along with chapter numbers, if possible) will
earn my undying gratitude and some pocket lint.
Thanks all.
