Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

This is just a short email to inform you that Ultan's Library, the website dedicated to essays about Gene Wolfe, has been updated. We've just added a piece by Robert Borski written in response to Peter Wright's article last year on *The Fifth Head of Cerberus*. You can find us at:

<http://www.ultan.co.uk>

Some of you will have received a private email notifying you of this update. Please contact me if you wish to be added (or removed) to the distribution email. Several names I added myself have bounced.(where do you e-live these days Alga?)
