No, I'm not trying to make a new list of uncollected pieces, honest!

At the moment I have a side project, or a trivia question that I don't want to clutter up the list with. So if anyone reading this has a good collection of Wolfe articles (essays, interviews of Gene [including the "Wounded Galaxies" one, if that title I remember rightly], but not reviews of books) not contained in CASTLE OF DAYS or PLAN[E]T ENGINEERING, please contact me via private email.

In further detail: anyone who has hardcopy or even remembers reading any of the following, please contact me.

"The Bellman's Wonder Ring": CLARION SF, Wilhelm, Berkley, 1977

Together we know everything, it is just the retrieval side that gets bogged down!
