There Ain't No Necronomicon!

: Copyright 1992 by Eric Hoffman and Poke Runyon

: Every few years you will see  
: An ad as well-writ as can be!  
: Offering for sale a book...  
: Whose title is the selling hook.

: It's called the Necronomicon,  
: To summon horrors from beyond...  
: Or so 'twas claimed by H.P.L.,  
: Writ by an Arab mad as hell!

: The author, poor Abdul Alhazred,  
: Was 'et by demons in Damascus --  
: And how his book survived...  
: Don't ask us!

: Lovecraft's fans both far and near  
: Have searched for many a fruitless year  
: To find this book of evil spells  
: But the truth is sad to tell...

: THERE AIN'T NO NECRONOMICON!!!

: There is a Key of Sol - o - mon  
: And a Lesser Key, Lemeg - a - ton.  
: There's a Grimorie of Honorius  
: And other works notorious...

: Heptameron, Enchiradon, complete  
: With Tetragram - ma - ton  
: But there ain't no Necro - nom - ee - con,  
: Of that we have no doubt!

: There's a tiny little Grand Grim-wah,  
: An absolutely True Grim-wha,  
: And Solomon's Ars No-tor-ee-ah,  
: But where's the "Necronom-ee-kha?"

: There's Aramadel and Arbatel

: And other catalogs of hell...  
: There's Picatrix ( not pick up sticks)  
: And other books of dirty tricks!

: There's manuscripts quite Faust - tee - on  
: In Tablets in Enoch - ee - on...  
: But there ain't no Necornomicon,  
: And that's a natural fact!

: From The Seventh Ray, Book 1, "The Blue Ray"
