Speaking of errors, there's quite a one on the rear jacket flap of the 1975 Harper & Row hardcover edition of Peace: it says that Peace is Wolfe's first novel.

As for the Orb edition, I'd guess that perhaps Tony Roberts did the cover design, and that the credit, rather than the name, is what's wrong. I don't think that there can be any doubt that Gahan Wilson did the art.

The ORB reissue of PEACE has an interesting error. The name of the cover artist on the back of the book is different than the name on the copyright page.
