My Long Sun site is back up and at <http://gene-wolfe.tripod.com/index.htm>. So Hartshorn and others can view the source of the loonyness and stop it before it's too late.

I have been offlist for a while and just got back.

I now fear I am suffering a disconnect from reality.

Is it really possible that all the discussions on this list have been this loony, and it is only now I come back after some time away that I am able to judge them properly? :-)
