Exported from an unofficial mirror of a public mailing list. Copyright in each message remains with the person who wrote it. Email addresses are obscured as `user at host`, the form the original archive published. This file was rebuilt from parsed fields rather than retained headers, so it is faithful in content but not byte-exact.

I'm a PEN member, and PEN-America has a big project going on--you're a well-read bunch and might have some bright ideas. You can email me with suggestions and I hope you will.

"PEN Recommends for Translation" gives PEN members the opportunity to nominate books they consider to be of great merit, which are not currently in print in the United States in English. Books once translated but now out of print, or books published in English but outside the United States are eligible. All PEN members can nominate books for the list, which can be viewed at www.pen.org/translation/recommends.html. Please do so!
