The most tremendous modern fictional work based on Gnosticism is A VOYAGE TO ARCTURUS - and I *don't* think Wolfe derived much from this incredibly savage and *deeply* pessimistic work.

However, it is richly worth a look in itself, and is online somewhere IIRC

Gnostics (as far as we know) weren't all that pessimistic, really.
Compared to doctrines like Sheol and predestination, Gnostics were positively euphoric.
