I read in the most recent LOCUS that Crowley has sold a book entitled LUCIFER: LORD BYRON'S UNDISCOVERED NOVEL to William Morrow. Anybody know anything about this? It doesn't sound like the fourth book in the Aegypt series.

I read in the most recent LOCUS that Crowley has sold a book entitled LUCIFER: LORD BYRON'S UNDISCOVERED NOVEL to William Morrow. Anybody know anything about this? It doesn't sound like the fourth book in the Aegypt series.

From Crowley. And please honor his "don't tell," those of you connected with the press etc.:

My news is that the fourth volume of Aegypt will be done by year's end. It has a title now: it's called Endless Things.

Congratulations on that, and I look forward! But rumor has it that you have also completed something on Byron.

Nope. When I get a check from Morrow I will begin on something about Byron. A novel. It's called at the moment Lord Byron's Novel, which it will contain: all of that wonderful funny romantic Gothic wild ironic adventure he never wrote but should have. Don't tell yet though. What's new for me is a story called The Girlhood of Shakespeare's Heroines, in a magazine called Conjunctions, guest-edited by Peter Straub -- but you probably know all this.
