Crush,

Thank you for the complete URL. It may just be my Macintosh email client (Eudora 5.1) that has a problem when you leave off the http://, so I may be the only one with a problem here, but I do appreciate it. You did misspell my last name, but you can call me William.

Augh! I forgot to add a little <wink> emoticon. I **intended** to point out that I was taking you wise advice, and leading by example. Instead I came off sounding like a real bung-hole rather the bung-holeish tenor I'm used to having.

I'm truly sorry for my tone and misspelling your name. :(
