I'm not sure how to parse the word. "Mali-" can be "evil" or "apple";  
"-capata," I don't know . . . looks like past tense? "He took the apple"?  
"Evil got him"?

Capata might be a Wolfean spin on `_caput_` rather than on `_capio_`, maybe something like "evil/sickness in the head"? I'm not rereading the book, and don't recall where it occurs and in what context.
