Viz,

As for writing it up, hmm, for whom? NYRSF?

Yes. I have some pull with them, as does mantis, and we'd both love to yank it for you. Still, though you've got a wonderful premise, let's argue out the underground sequence, and also, I think, the end, before you approach them.

Yeah. That's the BONE of contention.

Maybe the "men" of the planet were all dogmen. Any hint from the descriptions of the robots and the self-named "trueman"?

After all, the title is "TRACKING Song." Dogs track. Then again, so do men.

I think this thesis has merit.
