Dan'l Danehy-Oakes — 18 Apr 2003, 15:46

No, that was me bought that. Liege and Leaf

FAIRPORT CONVENTION are a bunch of '70s Electric Folkies. Some overlap with The Strawbs, but "music for hippies" doesn't cut it.

'70s? With a career that extends from the mid-'60s to (thus far) 2003, calling Fairport Convention '70s _anything_ seems a bit ... well, inaccurate anyway. They definitely begin with a '60s sensibility, and indeed were born at the heart of the Hippy Era, '67.

Electric Folkies ... true, a data point on a spectrum with them and the (to my mind preferable) Steeleye Span near one edge (any farther and the "electric" falls off), and Jethro Tull and Caravan on the other (any farther and the "folkie" falls off). The Strawbs sort of fall in between there somewhere.

Now, if I can figure out any way to make a Wolfe tie-in out of this ... H'mmm ... Nope.

Come on, Wolfe is Electric Folk SF. Look at the themes of his work.
